What's New In July

Hopefully everyone is enjoying their summer! Mankato Ballet is getting organized and ready to see the dancers this month. Summer classes begin July 7th. If you haven't registered yet, don't worry you can register the first day of classes. Our four week July course is a great way for dancers to keep up their technique. We know summer can be busy, so if you are out of town for a couple of weeks that's fine! Just come when you can and we'll prorate the price for you.

Remember dancers in 2A and above that the August intensive begins Monday August 10, 2009. Check the website to see the detailed schedule and all the different classes we are offering. You get to take things like **Modern, Jazz, Hip-Hop, Flamenco, Acting, and Ballet of course!!** We are so excited to be able to offer you such a variety of classes this summer! You can register for the three week intensive or register for individual weeks. We'll accept registration all summer, but advanced registration for this intensive is preferred.
